Summary

Currently serving as Program Coordinator for the Information Technology program, with responsibilities in curriculum oversight, academic coordination, and quality assurance. Reliable and competent PhD graduate with over 8 years of combined experience in teaching, research and development, and student supervision, committed to academic excellence and innovation. Expertise in Machine Learning, Deep Learning, and Data Science, backed by a strong publication record in Q1/Q2 journals and international conferences. Proven ability to design and deliver engaging curricula for courses such as Advanced Databases, Data Science Fundamentals, and Structured Programming. Skilled in fostering student-centered learning through workshops, including Computer Vision with MATLAB, hands-on lab tutorials, and micro credential courses. Dedicated Program Coordinator, President of the Yemeni Student Association, and Graduate Research Assistant, actively guiding undergraduate projects and coordinating Final Year Programs.

EXPERIENCE

Program Coordinator – Information Technology

 01/01/2026 – Present

MAHSA University

- Coordinate academic and administrative operations of the IT program
- Oversee curriculum planning, course mapping, and syllabus alignment with MQF and accreditation standards
- Coordinate course offerings, teaching assignments, and semester scheduling
- Liaise with faculty members, Dean/Deputy of the Faculty, and university management on program matters
- Monitor course delivery quality and learning outcomes achievement
- Support accreditation, audit, and quality assurance documentation
- Handle student academic issues, progression matters, and program-level advising
- Review and improve assessment methods and moderation processes
- Assist in strategic planning and continuous improvement initiatives for the IT program

Lecturer in Artificial Intelligence

 01/07/2025 – Present

MAHSA University

- IT Lecturer, Faculty of Engineering, Built Environment and Information Technology, MAHSA University
- Teach undergraduate courses in Data Science, Artificial Intelligence, Wireless Communication, Information Technology Fundamentals, Operating Systems, Database Management Systems, Information Management, Information System, Introduction to Programming, Object Oriented Programming, and Computer Architecture & Organization
- Design, prepare, and update lecture materials, tutorials, assignments, and assessments
- Design, prepare, teach Standalone Micro Credential Programs
- Supervise PhD students, Co-supervise Phd Students, Co-supervisor post doctoral projects, and supervise Final Year Project (FYP) students in research and academic projects
- Conduct lectures, tutorials, and practical sessions using active and student-centered learning approaches
- Evaluate student performance through continuous assessment and final examinations
- Participate in curriculum development and course review to ensure program quality and relevance
- Engage in academic research and publish findings in peer-reviewed journals and conferences
- Contribute to faculty and departmental administrative duties and committee work
- Provide academic advising and mentoring to students
- Support institutional activities, accreditation, and quality assurance processes

Information Technology Support
ML Company for Training and Logistic Services

📅 01/06/2018 – 05/06/2019

- Preparing and writing the daily reports
- Administer all kind of financial support
- Hard and soft copy archiving for company and project documents
- Plan and managed timelines to ensure goals are met in time
- Recording the attendance of trainees
- Preparing and translating course slides (English to Arabic)
- Translating the user manual of the cranes
- Designing, printing, and processing official certificates
- Communicating with concerned port departments
- Providing comprehensive logistical support

Lecturer of Computer Science

📅 01/07/2012 – 30/05/2018

📍 *Yemeni Military College*

- Plan, prepare and conduct C++ and Java Lectures
- Apply interactive teaching methods to boost engagement
- Trainer for the International ICDL Course
- Undergraduate lab demonstration and CS lecturing
- Supervised and mentored Bachelor's degree students
- Facilitated hands-on technical workshops and labs

Part Time: System Administrator Assistant

📅 17/06/2013 – 22/05/2018

📍 *Sabafon Company, Yemen*

- Install, manage and upgrade Windows 2008/2012/2016 server operating system and apply recommended patches
- Create new domain users and manage existing user's properties
- Manage hardware installation and maintenance of all Intel servers (Disk, CPU/Memory Boards, PCI network interfaces, HBA fiber host adapter, and SAS adapter)
- Manage and configure windows DNS/DHCP service
- Physical installation of servers racks, KVM, switches and rack mount keyboards and monitors
- (LAN, WAN, WLAN) Installation, Configuration, and troubleshooting

Part Time: Customer Care Consultant

📅 16/07/2012 – 16/06/2013

📍 *Sabafon Company, Yemen*

- Provide user level technical support
- Give suggestions that contribute to a high level of satisfaction
- Solve customers' problems or send them to the concerned departments to be solved
- Promote the company's products and services

Practical Training Part of Bachelor Degree

📅 01/07/2011 – 20/12/2011

📍 *Ecosensa Technologies Sdn. Bhd, Malaysia*

- Installing RFID devices and configuring the routers, troubleshooting the problems in gantries
- Requirements gathering, development planning, designing work, workshops, documentation, maintaining websites and MySQL databases, giving courses, and even customer service
- Promote the company's products and services and convince customers to sign contracts with Ecosensa Company

EDUCATION

Ph.D. in Information Technology

📅 01/01/2022 – 29/05/2025

📍 *UTP Universiti Teknologi PETRONAS, Malaysia*

- **Full time by research working on:** | Generative AI | Image processing | Data Science | Deep Learning Optimization | Metaheuristic | Machine Learning |
- **PhD Thesis Title:** Optimization of Pix2pix GANs for the Nonconvergence Problem based on the Gradient Penalty Sine Cosine Algorithm | Graduate on Time | Published papers in Q1 and Q2 Journals

M.S. in IT, by Research

📅 19/07/2019 – 26/08/2021

📍 *UTP Universiti Teknologi PETRONAS, Malaysia*

- **Work on the following domains:** | Machine Learning | Data Science | Deep Learning Optimization | Graduate on Time | Published papers in Q1 and Q2 Journals
- **Master Thesis Title:** Enhanced Weight Optimized Recurrent Neural Networks Based On Sine Cosine Optimization Algorithm

B.S. in Computer Science

📅 03/07/2008 – 07/03/2012

📍 *UTM Universiti Teknologi Malaysia*

- | Computer Network and Security

- | Graduate with CGPA 3.10/4, Second Upper-Class Honors
- **Bachelor Thesis Title:** Restaurants Ordering System Using SMS

AWS re/Start Program

📅 12/12/2025 – 18/03/2026 (2.5 hours/day)

🔒 Amazon Web Services (AWS) Training Program

- **AWS Cloud Architecture & Compute:** Amazon EC2, AWS Lambda, Auto Scaling, AWS CloudFormation, AWS Systems Manager, Cloud9
- **Storage, Databases & AI:** Amazon S3, Amazon EBS, Amazon RDS, Amazon Aurora, Amazon DynamoDB, Amazon SageMaker, AWS PartyRock
- **Networking & Security:** Amazon VPC, Route 53, AWS IAM, CloudTrail, Config, Public Key Infrastructure (PKI), System & Network Hardening
- **DevOps & Operating Systems:** Linux (Amazon Linux AMI), Bash Shell Scripting, Python, SQL, Continuous Integration, Infrastructure Automation

RESEARCH PROJECTS

AI-Powered Gamma Radiation Classification Framework for Material Identification

📅 2025 – Present

Malaysian Nuclear Agency (Agensi Nuklear Malaysia)

◦ **Active**

- Developing a deep learning framework to read and process raw gamma radiation detector signals from nuclear scanning equipment
- Classification of scanned materials into categories: **gas, liquid (water), air, and solid compounds** using supervised ML
- Industry collaboration between MAHSA University and the Malaysian Nuclear Agency for nuclear safety and materials inspection

Deep Learning-Based Teeth Age Prediction from Dental Radiographs

📅 2025 – Present

MAHSA University – Faculty of IT & Faculty of Dentistry (MAHSA Medic)

◦ **Active**

- AI model to estimate patient biological age from dental X-ray images for clinical and forensic dentistry applications
- Cross-disciplinary collaboration between the IT and Medical faculties, bridging AI and clinical diagnostics at MAHSA University

FOEBEIT Academic Planner: Timetable Generation and Human Resource Planning System

📅 2025 – Present

MAHSA University – Faculty of Engineering, Built Environment and IT

◦ **Active**

PaperDirect: Comprehensive Conference Management System

📅 2025 – Present

paperdirect.online

◦ **Active**

- Architected and deployed a full-lifecycle conference management platform supporting paper submission, blind peer review, editorial decisions, QR attendance, badges, and digital certificates
- Five role tiers (Admin, Chair, Reviewer, Author, Participant); integrated payment gateway; currently hosting MI-SEBEIT 2026 international conference

Autonomous Underwater Defect Detection for Offshore Structures using Deep Learning

📅 2023 – Present

Universiti Teknologi PETRONAS (co-supervisor collaboration)

- Continuing collaboration with PhD co-supervisor at UTP on CNN-based detection and classification of structural defects (corrosion, cracks, biofilm) in subsea environments
- Addresses safety-critical inspection needs for offshore oil and gas platforms

Head and Neck Tumor Segmentation in PET-CT Images for Radiotherapy Treatment Planning using Transformer and the State-of-the-art Segmentation Method

📅 2023 – 2025

Project ID: RG-23 137

- **Published:** Weighted Fusion Transformer for Dual PET/CT Head and Neck Tumor Segmentation (*IEEE Access*)
- **Published:** Enhancing Predictive Accuracy for Recurrence-Free Survival in Head and Neck Tumor (*Diagnostics*)
- **Published:** UNet Transformer-based Head and Neck Tumors Segmentation using Dual PET/CT Imaging (*CMES*)

Investigation of Scalable and High-Performing Automated Data Preprocessing Framework

📅 2022 – 2024

Universiti Teknologi PETRONAS

- For Very Big Data Stream in Oil Platform Equipment's Time to Failure Prediction Model

Fundamental Study of Supervised Machine Learning Techniques

📅 2022 – 2024

Universiti Teknologi PETRONAS

- For autonomous defect mapping of offshore structures

Digital Twin Model for Structural Asset Monitoring

Universiti Teknologi PETRONAS

– Solution and Decision Making for Onshore Facilities

📅 2019 – 2021

Assessment of Structural Steel Riser-Guard Load Capacities

Universiti Teknologi PETRONAS

– On the Resultant Impact on Offshore Structures Loading

📅 2019 – 2021

LEADERSHIP & VOLUNTEER EXPERIENCE

President of Association of International Students Yemen Chapter

📅 2023 – 2025

📍 *Universiti Teknologi PETRONAS, Malaysia*

- Represent the chapter in all internal and external matters
- Lead meetings and activities of the executive committee
- Serve as the main liaison between the Yemen Chapter and the main association body or university
- Set short-term and long-term goals for the chapter
- Oversee planning and implementation of annual programs, cultural events, and community outreach
- Supervise and support all executive members (e.g., VP, secretary, treasurer, event coordinator)
- Delegate responsibilities and ensure deadlines are met
- Facilitate leadership training and smooth transitions between term
- Review and evaluate the impact of chapter activities regularly
- Maintain active communication with members through meetings, emails, or social media
- Foster collaboration with other student organizations and international chapters
- Prepare and deliver regular updates and reports to stakeholders
- Address academic, social, and cultural concerns of Yemeni students
- Provide guidance to new students arriving from Yemen
- Advocate for inclusion, diversity, and student welfare within the university
- Approve all major decisions and budget allocations
- Ensure documentation of meetings, events, and chapter reports is accurate and complete
- Ensure compliance with university policies and the association's constitution

Vice President of Yemeni Student Society in UTM

📅 Jan 2009 – Mar 2010

📍 *Universiti Teknologi Malaysia, Malaysia*

- We established the Yemeni Student Society at Universiti Teknologi Malaysia (UTM)
- Prepare for the election of the Society in UTM
- Manage a regular meeting of the management members of the Society in UTM
- Planned activities and trips for members of the society
- Solve students' problems and follow them up with the concerned departments to be solved
- Participate in the orientation week at the university
- Participate in the convocation festival at the university
- Prepare and manage the Yemeni cultural activities for the cultural week at the university

Member in AIESEC

📅 May 2010 – May 2012

📍 *AIESEC in Universiti Teknologi Malaysia, Malaysia*

- Social Service
- Prepare and arrange for conferences
- Pick up International guests from the airport and arrange for their stay in Malaysia
- Educate people about HIV/AIDS. Giving lectures to people on how they could avoid HIV/AIDS
- Work in Special needs schools and help disabled students
